Samples and summary of all test results

Type:	Biobased Products, type "C65BP7-DDK"			
Sent quantity: 150 g				
				
Test- sequence	Requirements	Tests		Sample
		Standard	Clause	
1	Radiocarbon-Analysis	ASTM D6866	Method B	-*
Individual results of each test sample see annex 1				

* Tests have been carried out at an external laboratory.

ANNEX 1

Type:	Biobased Products, type "C65BP7-DDK"
-------	--------------------------------------

Radiocarbon-Analysis

Testing ↓	Sample →	03-107
Percent Modern Carbon (pmC)		7.71
Uncertainty (pmC)		0.06
Atmospheric correction factor		1.000
Biobased Content		
Biobased	%	8
Fossil Carbon	%	92
